CLASS 11 PHYSICS EXCELLENCE PROGRAMME

Lecture Plan 2026–27

CBSE annual examination + NEET foundation • one student, one clear path

1 SEP 2026	133 TOPICS	99 DAYS	31 DEC 2026
We start today	Every PW Class 11 topic kept	Packed only where time allows	Class 11 complete

HOW EACH WEEK WORKS

Week 1	Starts Tuesday 1 Sep • then Monday–Saturday, 60 min
After class	Daily test of 5–10 questions • must be done before next lecture
Next day	Teacher solves the weak questions first • then new topic
Sunday	Formula sheet • error-log update • one timed mixed set

WE START HERE

Lecture 01 • Tue 1 Sep

Trigonometry

Ratios, identities, right-triangle problems • PW lecture 1

Then: Algebra → Vectors → Units

Promise of this plan

Every PW topic is taught. Hard ideas get a full hour. Related PW titles share a day only when 60 minutes is enough. Class 11 done by 31 December.

Handwritten notes

Full hour for hard topics. Shared hour only when the second title fits.

PHASE 1 • 1 SEP – 12 OCT
Tools, vectors, units, kinematics

Maths 11 topics · 9 days

Vectors 7 topics · 5 days

Units 10 topics · 8 days

1D motion 14 topics · 9 days

Plane 7 topics · 5 days

L001 1 Sep Trigonometry (full hour)

L036 12 Oct Plane practice

PHASE 2 • 13 OCT – 24 NOV
Laws to solids

Laws 16 topics · 11 days

WEP 8 topics · 5 days

CoM 7 topics · 5 days

Rotation 12 topics · 9 days

Gravitation 6 topics · 5 days

Solids 3 topics · 2 days

L073 24 Nov Solids practice

PHASE 3 • 25 NOV – 31 DEC
Fluids to waves + lock

Fluids 8 topics · 5 days

Thermal 6 topics · 5 days

KTG+thermo 6 topics · 6 days

Oscillations 6 topics · 5 days

Waves 6 topics · 5 days

Lock tests 6 days (25–31 Dec)

L105 31 Dec Class 11 complete

Daily test after every lecture • 70% chapter gate before moving on • weak topics reteach within 7 days
